1g	Total Estimated Value of <u>this</u> Service Contract, Amendment or Purchase:
	\$215,970.00

2	Provide a description of work/services to be performed or services with goods to be purchased:
	<i>Provide creation and development of election data to be used in multiple mock elections for the implementation of the VREMS project. Election data is used to create ballots for the election consisting of all required office headings, candidates and contests. The data will also create various ballot styles to produce appropriate ballots for the county precincts. This data will enable the counties to develop and tabulate mail ballots as well. 15 of the 17 counties use Dominion Voting Systems election equipment and require the vendor to create election data, test decks, and provide additional support in troubleshooting any issues with the election data or voting equipment. Since the equipment is proprietary Dominion Voting Systems is the only option to receive the data for the mock election.</i>

3	What are the unique features/qualifications required for these services/services with goods that are not available from any other vendor?
	<i>The counties are using voting equipment (tabulators, voting machines, voter verifiable paper audit trails, mail ballot readers, etc.) which has been purchased through Dominion Voting Systems. For each election, this vendor is required to develop and modify the election data to appropriately program the voting equipment ensuring all candidates, contests, and voter data is appropriately coded for the equipment. No other vendor is approved to code election data for Dominion Voting equipment. As of an SOS-issued press release dated 03/19/2024, the VREMS system go-live was delayed due to issues identified in the first mock election. This new contract is for additional mock elections that may be required for system validation efforts pre and post implementation. These mock elections are a vital step in the implementation of the VREMS project.</i>

4	Explain why these services/services with goods cannot be competitively bid and why this purchase is economically only available from a single source:
	<i>The equipment used by the counties is proprietary and is only able to be coded by Dominion Voting Systems.</i>

5	Were alternative services or commodities evaluated?	Check One:	
		Yes	No
			X
	a. <i>If yes</i> , what were they and why were they unacceptable? Please be specific about features, characteristics, requirements, capabilities and compatibility.		
	b. <i>If not</i> , why were alternatives not evaluated?		
	<i>The counties using Dominion Voting Systems equipment are required to have updated election data coded which is only available by Dominion Voting Systems. The mock elections must be conducted in the same manner as any other election and will need to be coded by Dominion Voting Systems.</i>

6	Has the agency purchased these services/services with goods in the past? Check One: <i>NOTE: To avoid delays or your request being rejected, if your previous purchase(s) was made via solicitation waiver(s), a copy or copies of <u>ALL PREVIOUS WAIVERS MUST ACCOMPANY THIS REQUEST.</u></i>					Yes	No
							X
	a. <i>If yes, starting with the most <b>recent contract</b> and working backward, for the <b>entire relationship with this vendor, or any other vendor</b> for these services/services with goods, the following information must be provided along with the CETS contract number(s) associated with each:</i>						
	Term		Value	Short Description	Provide Type of Procurement RFP#, RFQ#, Waiver #	CETS #	
	Start Date	End Date					
	02/26/2024	03/31/2024	\$66,990	Mock election #1 support	Waiver #240202	28884	
			\$				
			\$				
		\$					
		\$					

  

7	What are the potential consequences to the State if the waiver request is denied and the services/services with goods is competitively bid?
	<i>If this waiver request is denied this will prevent the VREMS project from being able to continue to develop and test the appropriate policies and procedures to meet the requirements mandated by AB422, as a mock election is a vital step in ensuring the implementation of the project meets all requirements within Nevada Revised Statutes 293 and 293B.</i>

  

8	What efforts were made or conducted to substantiate there is no competition for the services/services with goods and to ensure the price for this purchase is fair and reasonable?
	<i>Counties that are contracted with Dominion Voting Systems for software, maintenance, and licensing of their voting equipment. No other company is able to code election data for these pieces of equipment, as the equipment is proprietary.</i>

  

9	Will this purchase obligate the State to this vendor for future purchases? Check One:	Yes	No
	<i><u>NOTE: Before selecting your answer, please review information included on Page 2, Section 9 of the instructions.</u></i>		X
	a. <i>If yes, please provide details regarding future obligations or needs.</i>
